## Required items for Lot Line Adjustment (LLA) Lot Merger (LM) or Lot Split (LS)

1. Application fee – Checks should be made payable to City of Adelanto. The City operates on the basis of full cost recovery for the processing of planning projects. Costs paid at the time of application are projected to be sufficient for the processing of applications, however, additional deposits may be required to cover the costs for review of projects. If at any time deposits are insufficient to cover projected costs, processing of the project will be stopped until sufficient additional funds are deposited with the City. Lack of sufficient funds on deposit will suspend any required processing time frames.
2. Preliminary Title Report - shall be dated within 60 days of the submittal of the application, include copies of all easement documents and deeds referenced in title report, copies of the latest grant deed for each property, copies of all record maps referenced by the title report and site map described below.
3. Tentative Map or Plot Plan – 3 copies of a tentative map or plot plan shall be submitted, shall be drawn neatly and accurately to scale (not smaller than 1 inch equals 100 feet), and shall show the following data:
  - Sufficient data to define the location and boundaries of the subject property
  - Name, telephone number and address of owner or owners of record, and applicant if different from owner
  - Existing and proposed property lines for each lot. Existing lot lines that will not remain should be shown as dashed lines. Proposed property lines should be clearly identified. A clear boarder line shall be drawn around all affected lots. Data defining property lines must include reference to the property legal description(s) or record maps. Bearing sand distances on property lines must be indicated as either measured or based upon recorded maps.
  - Existing and proposed met lot areas in square feet and acres
  - Existing legal description and APN, and proposed legal description
  - The location, names and widths of all abutting streets and alleyways
  - The location and dimensions of all known existing easements right-of-ways, reserves, encroachments, and occupancies over the properties
  - Land use/zoning designation and existing use
  - The lot or parcel configuration, size and dimensions
  - Date the map as drawn, north point arrow and scale of the map. All lines and map features must be defined directly or by legend
  - To scale, the outline of any existing buildings or underground structures and their distances to existing and proposed lot lines
  - Vicinity map locating the subject property in relation to the surrounding areas
  - Any travelled ways, natural and improved drainage structures, street improvements, above and underground public and private utilities and wells.
  - Underground sanitation structure and pipes including septic tanks, leach lines, and seepage pits
  - Name and seal of Land Surveyor or Engineer who prepared the map, and date the map was prepared
  - Any other information deemed necessary by the development services department
4. Lot Line Adjustment, Lot Merger or Lot Split recording document – Must be completed by a land surveyor and/or civil engineer licensed to practice surveying in the State of California. Must include all requested exhibits and owners statement. See page 7 or 8, respectively, for more information.
5. Electronic Copy - All information, including this application, shall be copied onto a thumb drive and turned in with the original documents.

DEVELOPMENT SERVICES DEPARTMENT WILL CONSIDER THE FOLLOWING:

- Will the proposed project be materially detrimental to the public welfare or injurious to the property or improvements in the immediate vicinity?
- Will the proposed project be contrary to any official plan adopted by the City Council; or to any official policies or standards adopted by the City Council as may hereafter be provided for and on file in the office of the City Clerk at or prior to the time of filing or the application hereunder?
- Will all proposed parcels or lots resulting from the project conform in area and dimension to the provisions of the zoning, subdivision and building code requirements and policies of the City of Adelanto?
- Will the design and proposed development be consistent and compatible with the character of existing development in the vicinity?
