

MOVE FORWARD WITH  
**CONFIDENCE**

Get the Most Accurate COVID-19 Testing Options Available

# Accurate Testing Spreads Trust

Premier Lab Solutions' offers the most accurate SARS-CoV-2 (COVID-19) tests on the market. Our coronavirus testing solutions are FREE to patients under the Federal CARES Act or can be billed to insurance companies. These trusted, high efficacy testing options for individuals, businesses, municipalities, organizations and schools will help determine where they stand and how to move forward with confidence.

## TESTING TYPES

### 1. PROTEIN SPIKE ANITBODY TESTING

**Type:** Beckman Coulter's targeted antibody identification

**Delivery:** Quantitative blood draw

**Accuracy:** 99.45%

**Patient Type:** Ideal for vaccinated patients or those that have been diagnosed with COVID-19.

**Patient Benefits:** Patients are able to track immunity status based on a specific numerical value and forecast their next vaccine booster. Armed with this insight, individuals with coronavirus antibodies can make informed decisions about returning to work and other routine activities. Effective for symptomatic and asymptomatic patients.

**Turnaround Time:** 24 Hours\*

In Partnership with:  **BECKMAN  
COULTER**

### 2. HIGH EFFICIENCY ANTIGEN TESTING

**Type:** Beckman Coulter's large scale, serial testing platform for high-risk settings

**Delivery:** Rapid nasal swab collection test

**Accuracy:** 92%

**Patient Type:** Ideal for patients that are either sick or have been directly exposed to those with COVID-19. This antigen test should be followed by a PCR test. Effective for symptomatic and asymptomatic patients.

**Patient Benefits:** Generates high-quality results in symptomatic and asymptomatic patient populations.

**Turnaround Time:** 8 Hours\*

In Partnership with:  **BECKMAN  
COULTER**

### 3. RAPID TURN PCR SWAB TESTING

**Type:** The most accurate COVID-19 nasal test available

**Delivery:** Nasal swab

**Accuracy:** 98.5%

**Patient Type:** Patients potentially exposed to COVID-19 or showing symptoms

**Patient Benefits:** Patients will know with confidence if they are positive or negative for COVID-19

**Turnaround Time:** 24 Hours\*

### 4. RAPID TURN PCR AT-HOME SALIVA TESTING

**Type:** The most accurate COVID-19 saliva test available

**Delivery:** Self-collection

**Accuracy:** 98.5%

**Patient Type:** Patients potentially exposed to COVID-19 or showing symptoms

**Patient Benefits:** Patients will know with confidence if they are positive or negative for COVID-19

**Turnaround Time:** 24 Hours\*
